

Institute of Biology and
European Centre of Palaeontology
of University of Opole invite to attend the

International Palaeontological Student Field Camp at Krasiejów near Opole

As usual our team will be excavating the fossils of vertebrates from the Triassic period, so the beginning of the dinosaur era, including temnospondyl amphibians, armored aetosaurs, crocodile-like phytosaurs, and others!

If you are interested in excavating fossils, please send us your application **by the end of June (30.06.2022)**. In the application form, please provide the most important information about yourself (course and year of study, interests, possible experience and your **contact data**, including e-mail adress and telephone number) and the time period of your interest. After 30.06 we will answer to all applications. Number of participants is limited.

TIME PERIODS:

04.07 -17.07 – supervisors: dr Mateusz Antczak, mgr Jakub Kowalski

18.07 - 31.07 – supervisors: mgr Elżbieta Teschner, mgr Jakub Kowalski

01.08 – 14.08 –supervisors: dr Mateusz Antczak, mgr Dawid Mazurek

DETAILS

The provided accommodation is the property of the university, therefore students of the UO do not have to pay any fees. Transportation to Krasiejów and meals have to be provided by yourselves.

Any further questions can be submitted by e-mail to the application address:
